# COBRA GRAPHIC

ALECHINSKY

CORNEILLE

JORN

HEERUP

Dec. 8, 1964 - Jan. 9, 1965

The artists of the Cobra group never regarded graphics as a minor art. The fact that a work could be owned by many made it one of their favorite mediums. The quality and richness of their etchings and lithos reflect their deep involvement, which we hope becomes apparent in this exhibition.
